

Resin Waves on Teak Side Table

with George Todd
Thursday, October 8
3:00 – 5:00 PM

In this class we will pour realistic waves with resin onto a 16" round teak side table with 16" hairpin legs. Colorful organic patterns of resin on wood bring to life the beauty of the coastal existence and integrate it into the home. These pieces radiate the beauty of living by the shore, utilizing natural color palettes created in interesting ways and represented in pieces created from this unique resin process.

Bio: George is a self-taught resin artist that got started after using resin on boat repair. As a portrait artist, he wanted to integrate something ocean related into his art. He has been creating resin art for 3 years. George has been a member of DAC (Developing Artist Collaboration) since its inception. He teaches locally at 16 different locations.

Registration Fee: \$135 for MAG Members, \$150 for Non-Members. This class will be offered In-person at the **ArtSpace, 9 Park St, Milton.**

Go to MiltonArtsGuild.org for registration and payment.

Please dress appropriately.

Pieces must remain overnight to dry.
